

## **Accessibility Information for the Black Box**

# **Accessibility at Gateway Theatre**

Gateway is a supporter of Arts and Disability. We believe that the arts is for everyone, and we do our part to make the arts more accessible and appealing for people with disabilities (PWD).

Gateway Theatre provides the facilities and equipment to help Hirers make their events accessible to PWD. Let's make informed changes so that we can help all communities be nourished and entertained by the arts.

## Wheelchair users and people with mobility restrictions

- Passenger drop-off point immediately at the side of the building.
- Automatic doors.
- Lift access to all floors.
- Designated areas for wheelchair users and people with mobility restrictions
  - Black Box – up to 14 wheelchairs

## Blind and visually impaired people

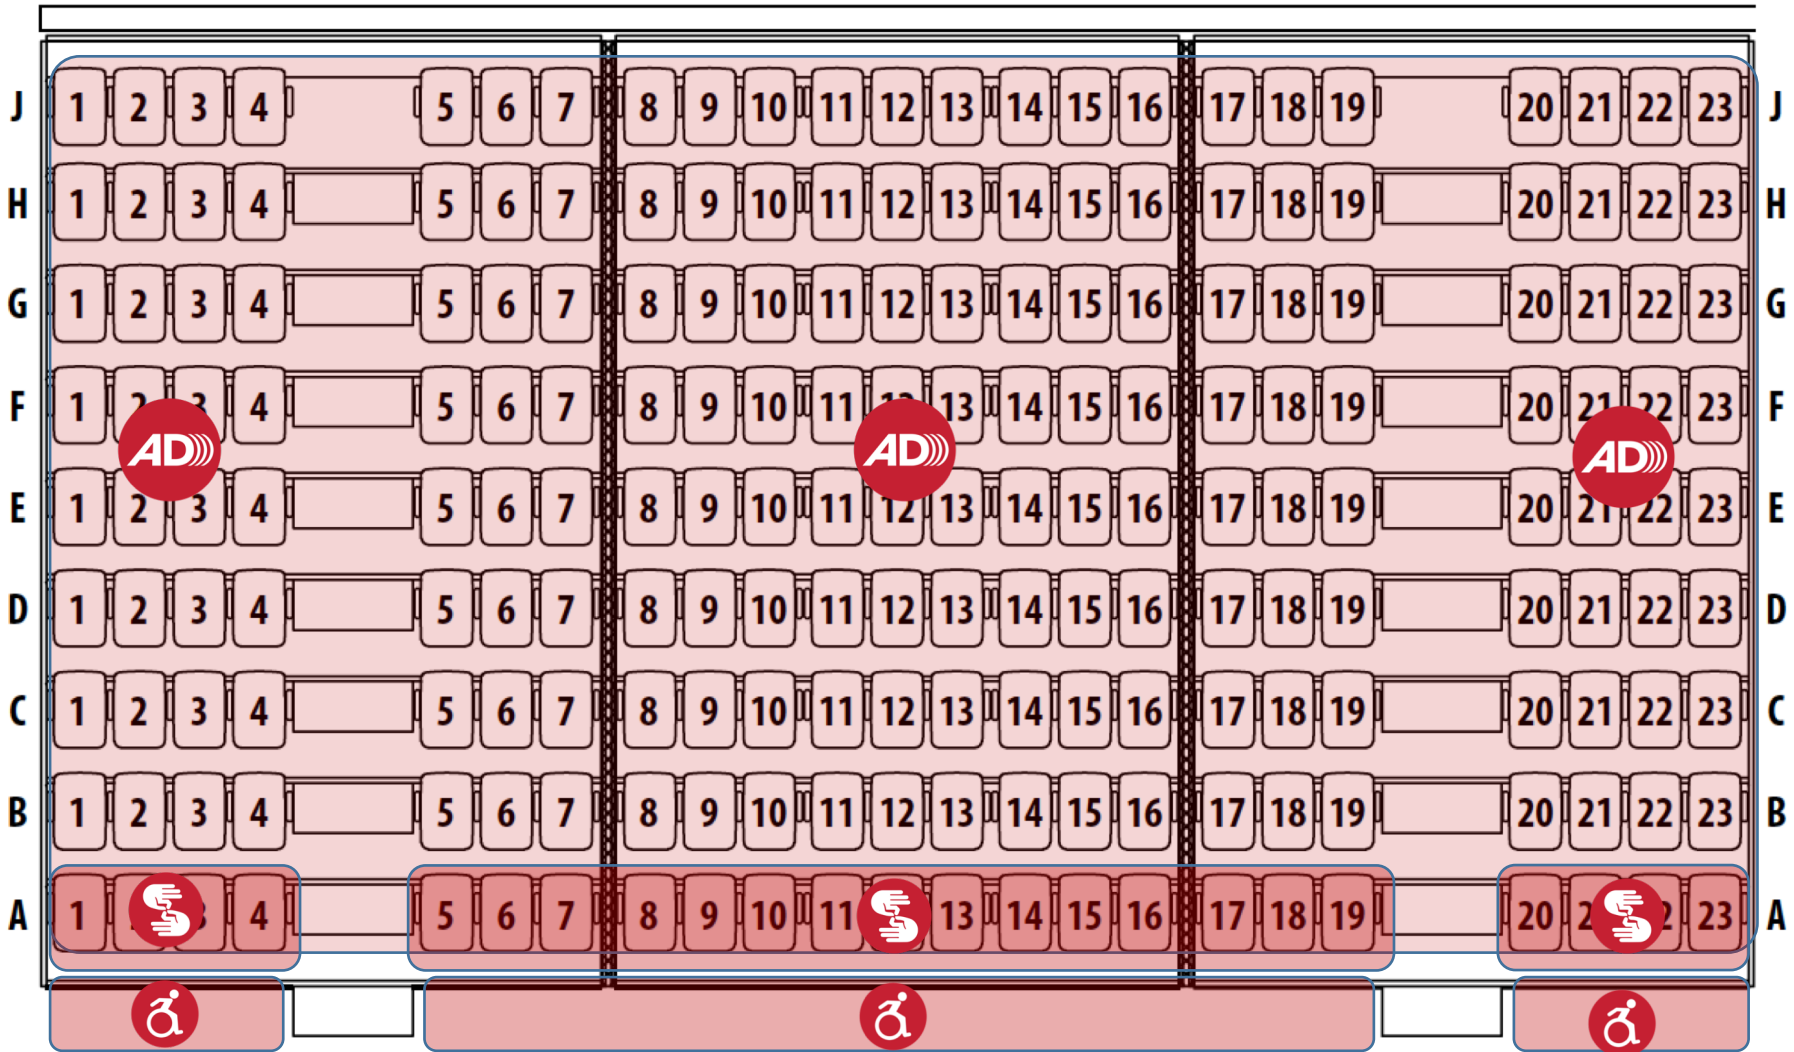

- Listen Tek, a listening aid is available for loan should the production offer audio description for the Blind and visually impaired patrons.
- Guide dogs are welcome

## Deaf and hard-of-hearing people

- Closed Captions can be shown on the LED wall in the Black Box. They are obstruction free and are visible to everyone in the Black Box.
- The sign language interpreter can also be positioned at the designated locations near the stage for the audience's optimum view of the show and the interpreter.
